CLEAR EXPECTATIONS • THOUGHTFUL RESULTS

How Pricing & Projects Work

Every project is personal. These guidelines protect the creative process and keep your quote transparent.

PRICING

All prices shown are starting rates and are dependent on project type, complexity, quantity, turnaround time and requested deliverables. A final quote is provided after project review.

EDITS & REVISIONS

Unless stated otherwise, one revision round is included. Additional edits are charged from \$25 per round or quoted according to the project type and extent of the requested change.

DEPOSIT & PAYMENT

A 50% non-refundable deposit is required before work begins. The remaining balance is due before unwatermarked final files, print approval or production release.

SCOPE CHANGES

New concepts, rewritten content, replacement photos, size changes or requests made after approval may require an updated invoice.

TURNAROUND & RUSH WORK

Turnaround begins after the deposit and all required materials are received. Rush availability is not guaranteed and may add 25% or more.

PRINTING & THIRD-PARTY COSTS

Printing, shipping, domains, website plans, premium apps, stock assets and licensing are separate unless specifically included in writing.

REFUNDS & FILE RELEASE

Because services are custom and time is reserved for each client, payments are non-refundable. Preview files may be watermarked until the balance is paid.
